CAREER OBJECTIVE

To work in a professional environment where I can utilize knowledge by applying my skills to grow while fulfilling organizational goals through research and development. Moreover, I want to build my career in an environment where motivations are driven by technological challenges, which are addressed with innovative and state-of-the-art solutions.

TECHNICAL SKILLS

- Programming Languages : C/C++, Python
- Modelling Languages : E-R Diagram
- Web Programming : HTML, CSS, Java script
- Database Systems : MySQL
- Designing Tools : Photoshop, Illustrator
- Operating System : Linux, MS Windows

KEY SKILLS AND COMPETENCIES

- Ability to learn processes and systems quickly.
- Intimate knowledge of object-oriented design principles and common design patterns.
- Experience with mobile devices and tablets such as Windows Phone, Windows 8 and Android.
- Designing and developing interfaces.
- Maintaining positive client interactions.
- Willingness to place the needs and requirements of the end user above personal design preferences.
- Able to work in a fast-paced challenging environment.
- Can work independently as well as under the direction of senior IT architects.
